

Lightweight and easy to use

The RF1000 is a manual pipette controller uniquely designed for one-handed operation. Simply squeeze the main bulb and push the toggle forward to aspirate or back to dispense. Push the blowout bulb to expel any liquid remaining in the pipette.

- Tapered silicone rubber pipette adapter allows a large range of pipette sizes (1-100 mL) Replaceable when worn.
- Accepts common and readily available replacement filters unlike other pipette aids whose filters are custom. This will help reduce total cost of ownership over time.
- Includes one 0.45 µm hydrophobic filter.
